

I can count up to 20 objects in twos accurately					
I can count forwards in twos from 0 to twenty	2 4 6 8 10 12 14 16 18 20				
I can say the number that is one more than a number to 20	 1 more than 18 is 19				
I can say the number that is one less than a number to 20	 1 less than 17 is 16				
I can count backwards in twos from twenty to 0	20 18 16 14 12 10 8 6 4 2				
I can count in tens to 50 forwards and backwards from 0	10 20 30 40 50 50 40 30 20 10				
I can count forwards in tens to 100 from 0	10 20 30 40 50 60 70 80 90 100				
I can count backwards in tens from 100 to 0	100 90 80 70 60 50 40 30 20 10				
I can identify a number from 11 to twenty when shown in different representations e.g a bead string, dienes.					
I can explain how many tens and ones are in a number to 20.	 'There is one ten and two ones'				
I can say pairs of numbers that make 8	(0 and 8, 1 and 7, 2 and 6, 3 and 5, 4 and 4, 5 and 3, 6 and 2, 7 and 1, 8 and 0)				
I can say pairs of numbers that make 9	(0 and 9, 1 and 8, 2 and 7, 3 and 6, 4 and 5, 5 and 4, 6 and 3, 7 and 2, 8 and 1, 9 and 0)				
I can rapidly recall the subtraction facts of 8	(8-1, 8-2, 8-3, 8-4, 8-5, 8-6, 8-7)				
I can rapidly recall the subtraction facts of 9	(9-1, 9-2, 9-3, 9-4, 9-5, 9-6, 9-7, 9-8)				
I know doubles of numbers to 10 (quick recall)	Double 1 = 2, 2 = 4, 3 = 6, 4 = 8, 5 = 10
